WorldVest Executive Chairman Garrett K. Krause to speak at 2009 Korea Foreign Investment Forum

LOS ANGELES, CA March 26, 2009 – Garrett K. Krause, Executive Chairman of WorldVest Equity, Inc. (PINKSHEETS: WVVEF) (“WorldVest”), will speak at the 2009 Korea Foreign Investment Forum on March 26, 2009 hosted by KOTRA in Seoul, South Korea. The 2009 Korea Foreign Investment Forum will explore the opportunities available to Korean companies seeking to raise capital through a public listing in the U.S. capital markets. Mr. Krause will deliver a key presentation on Capital Raising through Alternative Public Offerings for leading Korean Companies and will also participate in a panel discussion on the state of public offerings in today’s economic environment.

True to its global merchant banking mission, WorldVest is excited about the opportunity to complete transactions with high-growth Korean companies, many of which it believes are poised to succeed on a worldwide stage. Further, WorldVest recognizes that there are many highly-profitable companies in Korea which lack access to capital necessary to continue to implement their growth plans. In addition to providing growth capital and access to U.S. public markets, WorldVest seeks to offer additional resources including foreign M&A opportunities as well as access to strategic relationships and additional sales channels.

According to the KOTRA website, “Since its foundation in 1962, KOTRA has been committed to promoting mutual prosperity between Korea and its trading partners by facilitating international commerce and investment.” The agency was credited for attracting more than \$12 billion in foreign direct investment in 2008. As a result of their efforts, Korea currently has the 12th largest GDP in the world and is among the global market leaders in the technology and automotive industries. Additionally, the Korean government continues to implement policies to further stimulate growth and establish Korea as a global economic power, including recent completion of the “Korea-US Free Trade Agreement” as well as nationwide initiatives promoting English education.

About WorldVest:

WorldVest Equity, Inc. is a Global Merchant Bank that offers not only traditional investment banking, asset management and advisory services, but also makes direct investments as a principal in select private equity and venture capital transactions. WorldVest has established a robust infrastructure and an exceptional senior management team to drive its Merchant Banking operation. The WorldVest team works tirelessly to achieve the greatest possibly risk adjusted returns for its investors through the identification and monetization of outsized investment opportunities on a global basis.
